Sure, that day the only thing on the schedule is the Infection Control meeting, so I will be here in the morning before 11am and back in the afternoon after 2:30pm.

I told them I would rearrange my schedule to be on campus that day, can you be there?  
Helen

Helen and Jim,

The architect would like to come out the week of February 22<sup>nd</sup> to start field measuring and to investigate existing conditions. If there is a day that is best for you please let me know. If you have no preferences I'd like to suggest Tuesday February 23. Please let me know what works for you.

Thanks,

Stephen
